I am submitting a list
showing the amount
of compensation to be paid
to the owners of buildings
taken up for widening
the road leading from
the town of Closepett
to the Railway Station;
has the honor to state
that the sum of Rs. 800
provided in the last year's
budget was not utilized
on original works and
repairs, owing to the plan
and estimate being still

under preparation by the Executive
Bangalore Division, and to solicit
Government's sanction may be obtained for
appropriating a sum of Rupees 700-14-0, for
payment to the individuals named in the li

File No 61 dated 20th April
1882, submitting for sanction
a ^{for} statement of compensation
for Rs 788-14-0 to be paid
to the owners of buildings
taken up for the new
road leading from the
town of Hosapet to the
Railway Station

In returning the
statement received with
the above, requests the
Deputy Commissioner
will explain the data

on which the compensations
in the several cases referred to
has been fixed. It is observed
that though the extent of land
taken up in each of the first
3 cases is nearly the same
and the roof of each is stated
to be of the same description,
the compensations fixed therefor
greatly differ. In these &
in other cases, ~~there can be~~
~~no absolute necessity to grant~~
^{no} ^{need be paid} compensation for ~~some~~ ^{in addition to the value of the buildings} sites of
houses & open compounds, in such
a comparatively small town as
Bosrah H. The Deputy Commissioner
is therefore requested to revise the
statement on a definite scale and
resubmit the same to this office for sanction.

It is not clear as to whether the buildings ~~re-~~
referred to were taken up for widening the
already existing road as stated in the Deforms
docket, or for newly opening the road as entered
in the Ver statement submitted by the Amildar.
This point requires explanation. By order
